Intake Kits

- Increases horsepower
- Provides superior filtering
- Washable/Reusable
- Improves throttle response

Exclusive parabolic chamber shape with directional baffle creates a cushion of air that smooths air turn into throttle body.

Directional funnel increases air speed & smooths air flow.

Isolated cold-air chamber with 360° K&N air filter provides 26% more air flow over stock air box.

See page 64 for part numbers.

Washable/Reusable K&N Air Filter.

Easy Installation all mounting hardware provided.

Heat-resistant materials keeps air inside tube cooler than metal tubes.

- Dark smoke also available in paintable clear acrylic
- Upright "Stand Off the Hood" design permits easy hood cleaning and waxing

Keep your hood looking showroom-new with tough protection from AVS Bugflexor II®. With a wrap-around design for an aerodynamic appearance, Bugflexor II is car-wash safe and is available in dark smoke or paintable clear impact-modified acrylic. Off-the-hood design permits easy cleaning and waxing.

Bugflexor®

- Wrap around design offers a sleek, aerodynamic appearance
- Made of a rugged impact modified acrylic
- Dark smoke also available in paintable clear acrylic

Protect your investment while you give it a shot of style. The AVS Bugflexor® not only helps prevent road debris and bugs from damaging you hood, windshield and fenders, it adds a sleek, aerodynamic look to your truck.

Hoodflexor®

- Sleek, low-profile design follows the contour of the hood
- Installs quickly with 3M™ OEM-approved tape or mechanical fasteners
- Dark smoke also available in paintable clear acrylic

A low-profile version of AVS's popular Bugflexor II®, the Hoodflexor® features the same rugged, impact-modified acrylic construction and dependable protection. Available in smoke or paintable clear models, the Hoodflexor installs quickly with 3MTM brand tape or mechanical fasteners

Lambo Style Doors

- Easy, fast installation, no welding and no paintwork necessary. Simple to install
- Fully adjustable, perfect fitting assured by 3D adjustability (horizontal, vertical and depth)
- Specially designed gas springs support the raising action so that there is no need to use excess force to lift the doors

Part No. 50030004—00-03 F-150 Crew Cab/97-02 Expedition

OE Style™ Flares

- Side body styling matches vehicle trim line for a factory look
- Made with resilient Dura-Flex®
- Finished with a scratch resistant UV coating

Street Flares®

- Gives your vehicle the street smart look that is similar to that of "Limited Edition" vehicles
- Low profile design and style delivers a look desired for stock tires and wheels that is second to none
- Made of high impact Dura-Flex™ thermoplastic in a matte black finish

Extend-A-Fender®

- Provides from 1" - 3" of additional tire coverage
- Protects fenders and body panels from road debris and the elements
- Includes everything you need for a quick and easy installation

Pocket Style Flares

- No vehicle body side drilling or cutting - installs using the existing factory holes
- OEM matte black finish, or easily custom painted to match or accent any vehicle
- 100% UV Protection. No chalking, No cracking, No warping
- Adds extra tire coverage

Truck Shapz Fender Flares

- Extra protection
- Custom look
- Tough Tri-blend material
- Up to an Extra 2" of tire coverage
- Available in Black

Billet Grilles

We start with solid stock of aircraft quality T-5 or T-6 billet aluminum rather than extruded aluminum as used by some competitors. Each grille is then hand assembled into a custom jig and precision welded with a process called "T.I.G." to ensure a strong and clean weld. At this point every billet grille is treated to a durable glossy black powder-coat. The final stage of manufacturing includes a three-stage polishing and cleaning. The entire process takes place in our Southern California manufacturing facility.

WARN

New

GEN II Trans4mer® Mounting System New Design from Warn Industries

Base Kit

This group of parts features the minimum amount of components needed to attach the Gen II Trans4mer to your vehicle. It allows you to mount either a WARN winch or up to four WARN lights on your truck.

- 1 Mounting Brackets
- 2 Winch Tray
 - Allows you to mount a WARN winch

Optional GEN II Trans4mer Parts

These optional parts can be added to the Base Kit, and allow you to get the most out of the Gen II Trans4mer.

- 3 Grille Guard
 - Gives you extra protection to your vehicle's grille area
- 4 Light Mounting Bar
 - Lets you use up to four WARN lights with a WARN winch
- 5 Headlamp Guards
 - Protects the area around your vehicle's headlamps
- 6 Receiver Bracket

Part No. AS550

PowerPlant™ Dual Force HD For Tradesmen, Farmers, & Ranchers

- A powerful air compressor combined with a high-duty winch lets you get more done in less time
- 1/2 gallon high-flow on-board air reservoir with intercooler
- Runs air tools such as nail guns and impact wrenches, so there's no need to lug a large, cumbersome air compressor to the jobsite
- 12,000 lb. pulling capacity
- Hand-held control with thermometric LED

Part No. 71801 - PowerPlant Dual Force HD

16.5ti Thermometric Winch

- 16,500 lb. capacity - the most powerful on the market
- Thermometric sensor alerts you to motor temperature
- More efficient solenoid layout saves energy
- Includes 90' of 7/16" wire rope

Part No. 68801 - Roller Fairlead

Heavy-Duty Accessory Kit

- For winches up to 15000 lbs.
- Snatch block, tree protector, shackle, gloves, choker chain, 3"x30' (76.2mm x 9.14m) Recovery Strap

Part No. 29460 - Camouflage

9.5XP Extreme Performance Winch

- 9,500 lb.
- The fastest line speed under load and longest duty cycle of any Warn winch
- Water and corrosion resistant
- Includes 125' of 5/16" wire rope

Part No. 68500 - Roller Fairlead

M8000

- 8,000 lb. capacity
- Line speed is fast across the pulling range - 42 feet/minute no-load retrieval rate, 8 feet / minute full-load pull rate
- 4.8 hp Series Wound™ motor delivers big torque and power

Part No. 26502 - Roller Fairlead, 100' wire rope

12000 lbs. Electric Winch

- Gear train/planetary gear system for fast line speed
- Rated line pull/12000 lbs single line
- Motor: Series Wound 4.8 hp, 12 volt (*24 volt available)
- Cable supplied (min. break force 14,400 lbs.) 3/8" x 100 ft. galvanized aircraft cable with replaceable hook

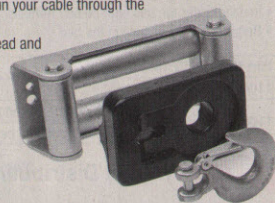

Part No. 7650152 - Model SE12000

Universal Winch Isolator

- Stops the rattles while giving you a practical place to secure your winch hook
- Simply disconnect your winch hook, run your cable through the isolator and reinstall your hook
- Rests between the rollers of your fairlead and will interfere with winching operations
- Solid 1 piece urethane construction

Part No. KU70039BK

Compatible w/ OE wheels	YES

05-07 Ford F250/F350 Super Duty 4WD

Part No. RS6511/RS6511B*

- No drivetrain or exhaust modifications required
- New forged pitman arm
- Competition style radius arm design
- Complete bolt-on installation
- One piece cast rear blocks

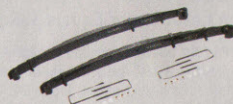

Max. Tire Diameter	35"
Max Tire Width	12.5"
Min. Wheel Diameter	18"
Max Wheel Back Spacing	6.25"
Compatible w/ OE wheels	YES

99-04 Ford Super Duty 4WD Leveling System

- No cutting, welding, drivetrain or exhaust modifications.
- Allows for the re-use of the stock wheels, and fits up to 33" tires.
- New front leaf springs (available for all engine options).
- Sold by component- See manufacturer's catalog

*Available in black or red finish, the letter "B" designated black finish

quickLIFT

Finally, there is an easier way to get the bigger wheels and tires you want!

- Level front suspension and enhances ride height
- MyRIDE manual/wireless tuning technology
- 1.00 - 2.50 inch lift height
- Limited lifetime warranty

New

2009 Ford F150 2/4WD 6" Suspension Systems

New 6" suspension system 2009 Ford F-150 2wd and 4wd. Compatible with Advantrak with Roll Stability Control (RSC). Stage II systems feature MX2.75c Series coil over front shocks and MX6 adjustable rear shocks for outstanding ride comfort and handling. Stage I systems feature spacers for the factory front struts and ES9000 rear shock absorbers to deliver factory ride quality.

Stage I w/ Front Strut Spacers & Rear ES9000 Shocks
Part No. P4143B — 2009 Ford F-150 4WD
Part No. P4144B — 2009 Ford F-150 2WD

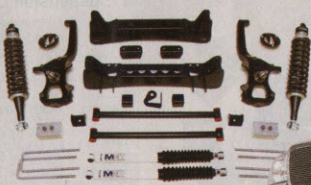

Stage II w/ MX2.75C Front Coil-Overs & Rear MX6 Shocks
Part No. P4143BMX — 2009 Ford F-150 4WD
Part No. P4144BMX — 2009 Ford F-150 2WD

04-08 Ford F-150 4WD

- One one-piece drop-down cross members
- Ductile Iron Steering knuckles increase vehicle stability by widening front track width
- Factory strut assemblies do not need to be disassembled to install system
- Steering and suspension geometry is kept within factory specifications to allow for ease of alignment.

Part No. P4137B — Stage I - Front Strut Spacers & ES Series Rear Shocks ¹
Part No. P4137BMX — Stage II - MX2.75C Front Coil-overs & MX6 Series Rear Shocks ¹

(1) CV style front driveshaft Part No.52208 is recommended for extended high speed use in 4x4 HL.

08-09 Ford Super Duty 4WD

- Systems feature laser cut brackets and a drop pitman arm to maintain proper suspension and steering control.
- Specific rate coils increase ride height and improves ride quality.
- Stage II systems include radius arms with OE type pivot bushings

08-09 Ford Super Duty F250/F350 4WD Diesel

- Rugged open tubular design replacement radius arms for improved off-road performance
- Exclusive braided steel Kevlar lined front brake lines included
- Pitman arm included
- Refined center link drop bracket virtually eliminates all bump steer issues and is easy to install
- New front coil springs, no spacers
- Distinctive™ front sway bar dropdown brackets
- Block and U-bolts for the rear
- Specifically tuned SSV shocks included
- Suspension System in stock and ready to ship
- Made in the U.S.A

Part No. F4734SSV—6" System w/SSV Shocks

Suspension Systems

04 - 08 Ford F-150 4WD 4" Suspension Lift System w/SSV Shocks

- Laser cut components for tight tolerance and easy fit/install
- CNC machined ductile iron steering knuckles
- 3/16" Thick skid plate included to protect differential
- Center and shaft braces included adding strength and rigidity
- Includes industry exclusive upgraded front replacement double cardan constant velocity front drive line for vibration free performance
- Retains quality factory ride

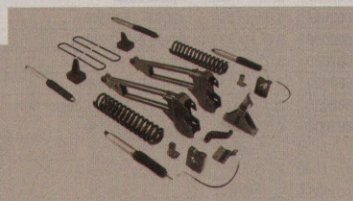

Part No. F4404SSV

05-07 Ford Super Duty 4WD

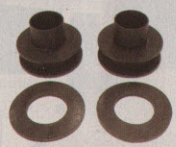

- Rugged open tubular design replacement radius arms for improved off-road performance
- New front coil springs, no spacers
- Fits 35" tall tires

Part No. F4531SSV—6" w/SSV Shocks

Leveling Kits

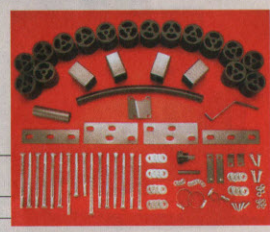

- Simple Installation
- Levels front of truck with the rear
- Maintains a factory or near factory ride
- Allows for slightly large tires & more fender clearance
- Limited Lifetime Warranty

Universal Shock Mounts

- Perfect for customizing shock mounts or adding an extra shock absorber
- Mounts work with nearly any standard aftermarket shock
- Made from high quality domestic steel

Part No. SM2100

Our vast Ford product line is designed around providing Ford owners with the opportunity to lift your truck and install larger wheels and tires to compliment the taller, more aggressive look.

Forged leveling torsion bar OEM style keys that exceed OEM strength specifications are ideal for torsion bar-equipped 4WD Ford trucks while late model 2WD and 4WD Ford truck and SUV owners will love the bolt on SST strut extensions capable of lifting the front of your F150 up 3".

SST Leveling Kits

Guaranteed to retain your factory ride while providing the looks and lift every truck owner wants.

READYLIFT

LEVELING SUSPENSION

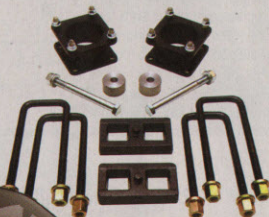

SST Hybrid Lift Kit

ReadyLift® Suspension Inc. now offers an exciting new line of mild lift kits.

Designed to provide a lifted, but level stance along with clearance for maximum wheel/tire sizes, all while maintaining your factory ride.

In addition, SST Lift Kits install in one-third the time of a more expensive conventional lift kit and none of our SST Lift Kits require any permanent modification to your truck or SUV, making it easy and cost effective to return the vehicle to stock.

Suspension Load Support

AIRLIFT Adjustable Air Spring Systems Superior air suspension solutions

LoadLIFTER™ 5000 57000 Series

Air Lift's heaviest-rated kits for hauling and towing heavy loads. Engineered and built with reinforced rubber bellows and end caps made of ultra high strength Zytel® nylon (it's strong as steel but weighs less and is corrosion-proof.)

- Up to 5,000 pounds of leveling capacity*
- Air adjustable from 5 to 100 psi for maximum comfort/support
- Lifetime Warranty

RideCONTROL™ 59500 Series

Keep your truck, van or SUV level and riding comfortably when hauling or towing.

- Up to 2,000 pounds of leveling capacity*
- Lifetime Warranty

WirelessAIR™ Advanced Wireless Remote Revolutionary on board air control

- Easiest installation ever — no lines or wires to the cab!
- Wireless handheld unit for convenient operation in or outside the vehicle
- Kit includes compressor, manifold and control box — everything you need!

AirCell™ Advanced No-maintenance Load Support

- Quick, easy, bolt-on installation
- Made of rugged closed-cell urethane foam same as used in OEM suspension parts

SUPERLIFT SUSPENSION SYSTEMS

Superide™ Select Shocks

- Independent compression and rebound valving for precise vehicle-specific tuning
- High pressure gas and a patented piston design prevents oil foam
- Monotube body efficiently dissipates heat
- Includes black dust boot

95000 Series - Remote BE Series

Superide™ Shocks

- 10-stage velocity sensitive valving gives maximum control
- O-ring piston seal prevents fade
- High fluid capacity twin-tube body
- Urethane eye bushings
- Shock boots sold separately when shocks are purchased separately

85000 Series

myRIDE™

MyRIDE™ Wireless Controller

MyRIDE™ wireless controller gives you the freedom to instantly customize your ride whenever and wherever you want. Just scroll through the pre-programmed one-touch settings to adjust for changing road conditions on the fly

- Works with RS9000XL™ and quickLIFT™ shocks
- Pre-programmed wireless controller
- (3) AAA batteries included
- Driver User Guide
- Air compressor, hardware and easy-to-install guide

Part No. RS999705

RS9000XL™ Pro Series Shock Absorbers

RS190000 Series

- MyRIDE manual/wireless tuning technology
- Liquid metallic finish
- Anodized billet end caps
- Composite spherical rod ends
- Limited lifetime warranty

RS9000XL™ Pro Series Coil-Over Shock Absorbers

RS195000 Series

- MyRIDE manual/wireless tuning technology
- Anodized billet end caps
- Spherical rod ends
- Includes dual Rancho® coil springs
- Anodized aluminum reservoir with stainless steel braided hose

RS9000XL™ Shock Absorbers

RS999000 Series

- MyRIDE manual/wireless tuning technology
- 2.75 inch body diameter (select applications)
- 18mm diameter chromed piston rod (select applications)
- Liquid metallic finish
- Nitrogen gas-charged
- Protective boot included
- Limited lifetime warranty and 90-day free ride offer

RSX™ Shock Absorbers

RSX17000 Series

- Patented "Impact Sensing" technology
- Greater stability and control with out sacrificing comfort

- Available for most popular SUV & light truck applications
- Limited lifetime warranty

RS5000™ Shock Absorbers

RS5000 Series

- Rancho's most popular shock absorber
- Multi-Stage Velocity Sensitive Valving
- Twin-tube cellular gas design
- 5/8 inch diameter piston rod (on most applications)

- 1 3/8 inch diameter piston (on most applications)
- Limited lifetime warranty

SKYJACKER® SUSPENSIONS

Skyjacker® Nitro

N8000 Series

The durable long lasting action of the gas charged Nitro shock is designed to automatically adjust to any on or off-road condition. Improve the ride quality of your stock or lifted vehicle with a set of these Skyjacker® Nitro shocks.

Nitro 8000 Features:

- 150 PSI Pressurized Nitrogen Gas
- Multi-Stage Velocity Sensitive Valving
- Twin Tube Construction
- Over-Sized Piston Head
- 14 mm Piston Rod
- Red Polyurethane Bushings on a Boot

Skyjacker® Hydro

H7000 Series

Improve the ride quality of your stock or lifted vehicle with a set of these Skyjacker® Hydro shocks. The durable long lasting hydraulic action of the Hydro shock is designed to automatically adjust to any on or off-road condition.

HYDRO 7000 Features:

- Hydraulic Action
- Multi-Stage Velocity Sensitive Valving
- Twin Tube Construction
- Over-Sized Piston Head
- 14 mm Piston Rod
- Red Polyurethane Bushings and Boot

MX6 Shock Absorbers

It's a true breakthrough in truck shock absorber technology. The new design combines the light weight, incredibly fast dampening response and superb ride comfort of Monotube shocks with 6-way external adjustability!

MX6000 Series

ES Series Shock Absorbers

- 100000 Series - ES1000
- 900000 Series - ES9000
- 300000 Series - ES3000

The ES1000 performance series shock absorber is designed to replace the factory shock and provide optimum performance enhancing driving comfort and vehicle control. The twin tube cellular gas design of the ES3000 is engineered to substantially improve driving comfort and performance both on and off the road.

The Pro Comp ES9000 is the ultimate nitrogen gas charged shock absorber. With its twin tube design and 10 stage velocity sensitive valving, the ES9000 delivers not only a smooth, comfortable highway ride, but it also enhances off-road handling and performance.

MX6 Reservoir Shocks Robby Gordon Signature Series

Who says you can't perfectly dial in your ride?

This 2" monotube shock has anodized aluminum bodies and is nitrogen charged to 300 PSI. We've improved upon the MX6 design by adding a 10" anodized aluminum reservoir. It also features high quality parts like, gun drilled 14mm hardened chrome shaft, 4000 PSI 6" braided stainless steel hose, precision 46mm single piece banded monotube piston and one piece anodized billet cap.

MX6000R Series

SSV™ Shocks 70000 Series

Heavy-duty, twin tube construction protects inner shock from damage due to dents

Low pressure nitrogen gas charging eliminates foaming of oil

Tough, platinum gray finish— 240 hour salt spray tested

Lifetime limited warranty on internal construction and seals

Black urethane bushings and protective dust boot included

Double-welded mounting eyes and stems

SSV Speed Smart Valve adjusts automatically for "on-the-fly" ride control

Application specific valving — not "one shock fits all"

Coil-spring valving offers most reliability under constant use and heat build up

Hardened, chromed and polished piston rods

Invader® SS Hydraulic Shocks 60000 Series

Heavy duty twin-tube construction

Large 2-3/8" diameter cylinders — the industry's largest

Hardened, chromed, 14mm polished piston rod for high strength and maximum durability

Protective boot available separately

Durable, fully welded mounting eyes and stems

Massive sintered-iron 35mm piston head

Tough, white enamel outer coating

Includes urethane bushings for increased shock performance

5150 Series Reservoir Shock

- Race inspired fixed CrossFlow reservoir
- Adjustable shock mount allows unlimited reservoir positioning
- Advanced design split valving
- Huge 46mm working piston
- Maintenance free design
- Valving for single or multiple shock applications
- Platinum powdercoat finish
- Available in 6.5 – 14 travel

TIRES THAT FIT YOU.

Open Country A/T

Versatile All-Terrain Light Truck Radial

The durable Open Country A/T offers aggressive wet and snow traction with exceptional mileage for pickups, vans and sport utility vehicles. This versatile all-terrain radial delivers rugged good looks without compromising handling, ride comfort or on/off-road stability.

Open Country M/T

Quiet and smooth for the highway.

The Open Country M/T is designed for full-size pickups driven by enthusiasts who require extra ground clearance, load-carrying capacity and off-road capability with great on-road performance.

Super Swamper Radial/TSL

- The most aggressive radial light truck tire ever developed
- Designed for a very smooth ride at a surprisingly low noise level

Baja Radial ATZ®

M/T's newest all terrain radial features a beefy 4 rib tread design for better traction and bolder look. High load rating and extra deep tread along with a great selection of traditional and specialty light truck sizes make this tire a must have for any truck, 4x4 or SUV. Specialty light truck sizes feature cut resistant 3-ply sidewalls and a full 6-ply tread for additional strength and toughness on or off road.

Baja Radial ATZ® Plus

M/T's new all terrain radial features unique computer designed tread that provides a great ride on the highway and provides solid off-road traction for off highway adventures and work trucks. Great selection of sizes for today's modern vehicles. Advanced radial construction for high mileage and smooth ride. High load ratings for great towing capabilities.

"ShiftPlus"™

Electronic Shift Improver

- Improves transmission's shifting performance without removing the transmission pan or valve body
 - Adjustable, choose from: original factory mode, stage 1 (firmer than factory) or stage 2 (much firmer than factory)
- Part No.70381** - 94-97 F-150 w/E40D trans.

Shift Improver Kit™

- Reduces heat
 - Reduces slippage
 - Reduces shift overlap
 - Ideal for towing, snow plowing, off-road driving
 - Easy to follow step-by-step instructions
- Part No.10025** - 89-97 Ford with E40D

ZVT Clutch Set

ZOOM's ZVT™ clutch kit for diesel applications increase clamp load by patented lever assist cartridges. As the RPM increases so does the ZVT's increases in torque holding ability. Kits includes release bearing, alignment tool and your choice of stage 1 disc for street / towing application or stage 2 disc for modified high performance / extreme towing application.

9441	-	94-97 w/ Solid Flywheel*
9441SK	-	94-97 w/ Dual Mass Flywheel**

*This clutch is intended only for vehicles already converted from factory dual mass flywheel to solid flywheel.
** This clutch set includes solid flywheel and special flywheel & cover assembly bolts that must be used for converting to solid flywheel

Brakes/Drivetrain/Cooling

LTS-Light Truck Compound

- Low noise output
- Increased rotor life
- Smooth engagement
- Extremely fade resistant
- Improved braking over OE
- Carbon material extended pad life

HPS-High Performance Brake Pads

- Extremely low dust
- Gentle on rotors
- Virtually noise-free
- Long pad life

Black Magic X-Treme Fan

All-new, bigger and more powerful than any other single fan on the market. Most radiators are rectangular, not square. To get the most out of any type of fan, it's best to cover as much as the radiator core as possible. Flex-a-lite designed a high performance electric fan that does exactly that.

Part No.180 - 15", 2200RPM, 3300CFM
Specifications for Mounting Surface: 18" x 16" x 4 1/4" in depth

Electric Fans

- Lightweight nylon shroud with full contact rubber seal
- Increase in horse power with replacement of stock belt
- Extends water pump life & increases gas mileage

Air Intake Systems

Intake Kits

- Increases horsepower
- Washable/Reusable
- Provides superior filtering
- Improves throttle response

Exclusive parabolic chamber shape with directional baffle creates a cushion of air that smooths air turn into throttle body.

Directional funnel increases air speed & smooths air flow.

Isolated cold-air chamber with 360° K&N air filter provides 26% more air flow over stock air box.

Washable/Reusable K&N Air Filter.

Easy Installation all mounting hardware provided.

Heat-resistant materials keeps air inside tube cooler than metal tubes.

Metal Intake Systems

- Guaranteed Horsepower**
- Includes K&N High-Flow Air Filter that Lasts Up to 100,000 Miles before Cleaning is Required (depending on driving conditions)
 - Reduces Intake Tract Restriction by Eliminating the Stock Air Filter, Airbox & Intake Tube
 - Easy to Install - In 90 Minutes or Less
 - Legal in Most States
 - Hundreds of Intake Systems Covering Thousands of Applications

Recharger Filter Care Service Kit

A six-step maintenance system designed to recharge any K&N Filtercharger® Air Filter. Restores air flow efficiency so your Filtercharger performs like new! Includes Oil, 12 oz. Filter Cleaner and Service Decal.

- Part No. 995000—Kit with 6.5 oz. Aerosol Oil
Part No. 995050—Kit with 8 oz. Squeeze Bottle Oil

When ordering, add color code to end of Part No.: C-Chrome, P-Polished

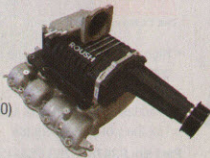

Supercharger Kit w/Intercooler

Want to add 145 hp and 143 lb.-ft of torque to your F-150? Of course you do! Take ROUSH's engineering know-how and apply it to your F-150 engine. This Intercooled Supercharger Kit is ready to boost engine performance to new levels. It's all right here! Designed to fit 2004 - 2008 F-150s w/ 5.4L (3V) engines, 2/4 WD

- Includes: supercharger, intercooler, cold air intake, ROUSH PCM calibration and all necessary components
- Adds 145 hp. and 143 lb.-ft of torque

Part No. 401633 - Supercharger w/intercooler kit

Part No. 402232 - Supplemental Kit (Required on 07-08 F150)

Supercharger Kit

Roush Performance has developed a Roots-Style Supercharger system for 2004-2006 Ford F150 trucks equipped with the 5.4L 3 valve engine, 2WD and 4WD models. The kit includes intake manifold, cold air induction and all necessary hardware for complete installation.

Part No. R0700001

High Flow Air Intake Systems

- For applications where space is very limited
- Air duct is molded out of X-Link polyethylene

Helix Power Tower Plus Throttle Body Spacers

Variable Venturi Aperture provides enhanced air/fuel efficiency for economy

Increased Air-Flow design creates better cylinder filling gives better acceleration

Helix power Tower PLUS is precision machined from solid T-6061 billet aluminum for lasting performance

- Up to 20 horsepower*
- Up to 25 lb/ft of torque*
- 1-3 MPG*

*Performance levels may vary among applications and driving style.

Power Programmers

HyperTech's **Max Energy** Power Programmer is the "no compromise" performance tuner. HyperTech delivers maximum power and performance for regular and premium octane, the potential for improved MPG, proper transmission shifting, and many other adjustable features so you can customize your vehicle exactly the way you want in just minutes.

The **Max Energy E-CON™** economy Power Programmer extracts every bit of energy possible of every molecule of fuel for better MPG and more power at wide open throttle.

BULLY DOG
#1 IN PERFORMANCE

Triple Dog Diesel

- Added Horsepower and Torque
- Improved Fuel Economy
- Multiple Horsepower Programs
- Free Internet Updates
- Easy Installation
- Calibrate OEM Speedometer
- Read and Erase DTCs
- Transferable to a New Vehicle

Description	Hp/Torque Increase	Part No.
Triple Dog for Diesel Vehicles	+ 126 hp/221 lbs.-ft.	40502

Performance Management Tool

The Performance Management Tool™ or PMT™ is the premier performance product available on the market today; this state-of-the-art unit performs as an in-cab downloader, controller, monitor and gauge packaged into one unit. The PMT offers on-the-fly adjustable horsepower programs and the most comprehensive list of vehicle monitoring options in the market.

Vehicle Applications	Hp/Torque Increase	Part No.
Ford 6.3L '99-'03	+ 126 hp/221 lbs.-ft.	40300
Ford 6.0L & 6.4L Power Stroke '03-'08	+ 126 hp/221 lbs.-ft.	40300

Aluminized Steel Exhaust

Manufactured from 16 gauge Aluminized Steel the exhausts have a 2 year warranty. The low degree mandrel bend angles are especially helpful in towing situations where it has been proven to lower exhaust temperature by as much as 200 degrees.

F-250/350 Power Stroke

- Part No. 181050—03-07 6.0L, 4" System
- Part No. 181020—99-03 7.3L, 5" System
- Part No. 181052—03-07 6.0L, 5" System
- Part No. 181413—08-09 6.4L, 5" System

Rapid Flow Air Intakes

The RFI systems are advanced air intakes built to increase the engines ability to breathe. By replacing the restrictive stock intake, the RFI increases horsepower, torque, fuel efficiency, and can decrease EGT's.

- Part No. 51100—06-07 F-250/350 6.0L
- Part No. 221103—99-03 F-250/350 7.3L
- Part No. 51101—2005 F-250/350 6.0L

Shift Enhancer

- Gives the clutches more traction in the clutch packs
- Allows for a quicker shift, and 50 HP worth of additional holding power
- Installs without removing transmission

Part No. 151000—94-03 Ford 7.3L w/ E400 or 4R100 Trans

Diesel Performance

JUICE
with ATTITUDE

PLUG-IN MODULE/IN-CAB CONTROLLER Edge's most advanced product line. The Juice controls timing and duration of injector firing for GM, Ford, and Dodge models to deliver maximum performance (up to 125 additional HP) and improved drivability. With the Attitude, the unit also monitors the transmission, fuel pressure, turbo boost and EGT's to help maintain safe operating parameters. Other features include cold engine protection, shift point detuning for improved drivability and optimized power levels for towing, mileage and performance. "Hot" race versions also available for up to 180 additional HP.

Year	Description	Part No.
2003-2007	Ford 6.0 Juice Platinum with Attitude	10102
2003-2007	Ford 6.0 Juice with Attitude (non Platinum)	10104
2008-2009	Ford 6.4 Juice with Attitude	10103

Transmission Pans Adds Capacity

Heavy duty cast aluminum pans prevent transmission case twisting that results in reduced clutch apply oil pressure. Gives added oil capacity plus extra cooling with the external fins. Pan includes a magnetic drain plug and a temperature port plug.

Part No. 1061710—89-06 Ford E40D/4R110/5R110

Torque Converters Handles 250% More Torque

Our engineered billet machined stator design multiplies the torque below peak engine torque. Improves fuel economy and reduces oil temperature, engine rpm and noise. The lock up clutch is designed to handle any stock or extreme modified Diesel, Stamp forged front clutch covers do not distort and securely mount in place.

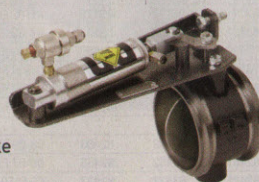

- Part No. 1030223—99-03 Ford 4R100 7.3L
- Part No. 1030227—03-06 Ford 5R110 6.0L

Exhaust Brakes

- Improves safety and eliminates white knuckles
- Offers high retarding power through the entire operation range
- For turbocharged diesel engines

Ford F-250/350 Powerstroke
Part No. 2023144—99-03 7.3L

Floor Protection

HUSKYLINERS[®] weatherBEATER

- Tough durable patented rubberized material is resistant to most chemicals, including gasoline, oil, and battery acid
- Features "Spin" Sta-Put-Nibs on back to help prevent shifting
- Rubberized non-slippery surface minimizes cargo shifting
- Front & back floor liners included in each box

Dash Kits

Trim Product Manufacturers

- Incredibly Thinner; An exceptional factory installed look. The edges almost disappear.
- Far More Flexible; Greater coverage of contours and much easier to install.
- Gem-Flex™ Poly Finish; Clearly the next generation in finishes eliminates cracking, peeling and yellowing.
- 3M "primerless" tape is thinner and eliminates the need for prime-consuming primer application.
- No adhesive Backing to Remove; Another outstanding time saver. Simply lift and apply.
- Repositionable; The new 3M primerless tape means that the pieces can be re-installed to insure a perfect fit.

Flat & Molded styles available. Most Full and Mid Size applications are available by special order only. Please include exact make and color when ordering

GRANT Airbag Styling Rings

- Installs easily over the factory air bag steering wheel
- Instantly transforms the ordinary appearance of the wheel into an elegant, high style customized steering wheel
- Styling rings retain all of the air bag safety features
